

CULINARY TEAM BONDING

Corporate Cooking Classes

COOKING CLASSES

Studies have shown that culinary team bonding events are far more effective and produce longer lasting results than tradition team activities. The Signorelli Gastronomia cooking class programme has been developed to compliment local and seasonal produce. Classes that will educate, inspire and fulfil your appetite. Our cooking classes are conducted inside our fully air conditioned food and wine emporium interactive theatre kitchen. Pizza, Pasta, Sausage and Salami classes are tutored by our talented chefs sharing their information, techniques, ingredients and love for all things food.
