# LET'S GET VIRTUAL

CELEBRATE YOUR MILESTONES VIRTUALLY  
IF YOU ARE UNABLE TO MEET AND CELEBRATE IN PERSON

Doltone House has been busy exploring new ways to adapt and deliver school and university events in an accessible and COVID safe way.

While nothing will ever completely replace an in-person gathering, Virtual and Hybrid Events present a temporary solution so that we can continue delivering event experiences to attendees and stakeholders from the comfort of their home or classrooms.

We have a range of Virtual and Hybrid Event packages. Enquire for our School or University brochure to explore the possibilities. Let's spice up your live streaming event!

### STEPS TO GETTING VIRTUAL

1

Decide if you are hosting a Virtual or Hybrid Event or Experience

2

Set up your Event on your platform or on our Virtual Event Portal and send details to all attendees

OPTIONAL

3

We deliver our trusted prepared meal or virtual activation box to your attendees' door

OPTIONAL

4

Host your Event at Doltone House and broadcast your speakers in our Studio or on your grounds

5

Relax and engage in virtual conversation with your guests. Consider adding a networking antipasto box!
